FFA Announces Wildlife Winners

Winners of the 1963 FFA wildlife Contest were announced this week by H. B. Pack, instructor of vocational agriculture. The wildlife contest, which is an annual event in the Appomattox FFA Chapter, was divided into two categories this year. The first category was for an overall farm wildlife conservation plan, and the second category was for the best feed patch.

Winner for the best farm wildlife conservation plan was Lonnie Reynolds, Jr., of Route 3, Appomattox. Second place went to Kenneth Goin, and the third place winner was Gene Chernault.

Winner in the best feed patch for 8th and 9th grade members went to Albert Carter. David Crews was declared the second place winner with Miller Morris placing third.

In winning first place in the first category, Lonnie had eleven feed patches, which were maintained as natural cover and feed along fence rows and field borders. He further provided feeding stations and den boxes for wildlife. Lonnie is familiar with game laws and reculations and is a member of the KVG fire fighting crew. He is also serving in the capacity as chaplain for the FFA Chapter.

Wildlife feed patch in the second category. It was amazing to find such an excellent plot for our dry conditions this year', declared Mr. Frank C. Chuchek, principal of the Appomattox High School, as he spoke of the patch planted by Albert. Albert's plot an addition to good growth was well located to provided a maximum amount of cover for game.

Judges for the contest this year were P. C. Chucheki, principal of Appomattox High School, Mr. Charles Torrence, game warden for Appomattox County, and Mr. H. B. Pack.

Kenneth Goin is chairman of the FFA Wildlife Committee. Serving with him are Lonnie Reynolds and Gene Chernault.

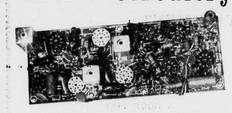
Here is Reliability in TV Circuitry



RCA Space Age Sealed Circuitry

The main arteries of a television receiver are its wiring and wiring connections. The advantages of RCA Space Age Sealed Circuitry are plain to see. They are precision-crafted, orderly, plainly marked for easy servicing. They're today's precision answer to yesterday's old-fashioned, all-hand-wired circuitry. Every etched-copper, permanently bonded board is an exact duplicate of the original master design developed in RCA laboratories. Two-thirds of RCA Victor TV circuitry (excluding tuner) is bonded on Sealed Circuit Boards. Eliminated are more than 200 hand-wired, hand-soldered connections that can come loose and cause trouble.

"So Much For So Little" Says Gideon Speaker

A number of county churches observed World Bible Sunday on December 12, and a number of these also had as their speaker a member of the Gideons International, Christian businessmen who distribute Testaments and Bibles to hotel rooms, motels schools, and other locations throughout the world.

Mr. John Spencer, Jr., an extension work for Virginia Gideons, spoke at the Appomattox Court House Presbyterian Church. He compared the work of the Gideons to Jesus' parable of the Sower, "Instead of 'Too little, too late' we think of our work as Gideons as 'so much for so little'", Spencer said.

He told the congregation that $1.10 will send a Bible in any language, or in bi-lingual or tri-lingual versions to any place in the world. He explained that all monies given to Gideons for Bible distribution are used entirely for purchase of Bibles and costs of sending them; that the Gideons, themselves pay their own expenses to promote their work and in many cases, to transport Bibles directly to the people.

He asked for Christians' prayers for the continuance of this work, and mentioned how effective the Gideons' work has been in providing 5th grade children with pocket testaments. He spoke of Gideon work as an "extended arm of the church" and thanked church people everywhere for their support.

Advent is said to be one of the most beautiful season of the church year. advent started on the first of the four Sundays before Christmas. The four Sundays of Advent are thought to represent the fourfold coming of Christ: in the flesh (Christmas), at the hour of death (Holy Communion), at the fall of Jerusalem (death), at the day of Judgement (the end of the world). This is a worship program using four candles. Each Sunday a candle is lighted plus the one from the previous Sunday. At the end of the fourth week all four candles would be burning. This kind of program could be used by families in their homes when they have a worship service or devotions during Advent. This is a wonderful program for an MYF group. We should take this opportunity of Advent weeks to work it in with our services and devotions.

Teachers Attend Electrical Conference

Instructors of vocational agriculture attended a five hour electrical conference last week in the Detriment of Vocational Agriculture at Appomattox High School.
